Technical Skills

Python Libraries
- scikit learn
- Pandas
- Seaborn
- Matplotlib

Excel Expertise
- Pivot Table dashboards
- Familiarity with VBA

Data Visualization Tools
- PowerBI

Relational Database
- MySQL

Frontend Programming
- Basic JavaScript
- CSS
- HTML

Backend Programming
- PHP
- Python

PROFILE

Highly motivated IT student with a strong foundation in data analysis and a proven ability to extract actionable insights from complex datasets. Proficient in spreadsheets and relational databases (MySQL), eager to apply my skills to contribute to data-driven decision-making in a data analyst role. Possessing strong analytical and problem-solving skills, I thrive in both collaborative and independent environments to contribute effectively to the team's success.
